INTRODUCTION

This is a comprehensive listing of all programs in Queens that are funded by the New York State Office of Persons With Developmental Disabilities (OPWDD) through Family Support Services Contracts and administered by the local Bernard Fineson Developmental Disabilities Services Office (BFDDSO). Also included are Family Support programs funded by New York City Department of Health and Mental Hygiene.

These programs serve developmentally disabled individuals and/or their families. The developmentally disabled individual must reside with his or her family in Queens County in order to use these programs. Developmental Disabilities include Mental Retardation, Neurological Impairment, Epilepsy, Cerebral Palsy, Traumatic Brain Injuries and Autism, among others.

Family Support Programs are designed to strengthen the delivery of support services to families caring for disabled family members at home so as to maintain and stabilize the family unit, and to reduce the potential for out-of-home placement.
